JANOME

sew mini

Small in size. Big on features.

If you're looking for a toy sewing machine, you're looking at the wrong box. Because Sew Mini is made by Janome, the world's leading manufacturer of home sewing machines. In fact, Sew Mini is made in the same factory as our larger machines, and incorporates many of the same helpful features. It's the perfect second machine for the experienced user, or a great starter machine for the young enthusiast.

It is not a toy.

Lightweight!
Only 5 lbs. Easy to take out, set up, and put away. You can even bring it with you when you travel.

Easy to use!
Top drop-in bobbin is easy to insert and remove.

Versatile!

- Straight stitch — 4 lengths
- Zigzag — 3 widths
- Straight stitch also available in left needle position
